Category:Surface modeling Category:Computer-aided design software[Pseudotumoral chylopericardium in a patient with acute lymphoblastic leukemia]. Chylopericardium is an uncommon complication of acute lymphoblastic leukemia (ALL) and can be observed in almost one third of cases. It is usually idiopathic in nature and its diagnosis is established by the clinical presentation, pericardiocentesis, and imaging tests. Although rarely, it can be the first manifestation of a paraneoplastic disease. We present the case of a 31-year-old man with ALL who developed cardiac tamponade and severe chylopericardium. After cardiologic and oncologic evaluations, we realized a right atrial mass and lymph node enlargement which were biopsied and were compatible with a lymphoma. Treatment consisted in a chemotherapy protocol followed by specific treatment of the lymphoma. Chylopericardium is a rare complication in ALL patients and it must be considered in any patient with pericardial effusion.Q: Can I update an entity without using the entityManager? I'm developing in JPA and I'm using the following annotation: @Entity @Table(name = "invoice_detail") public class InvoiceDetail { @Id @GeneratedValue(strategy = GenerationType.AUTO) @Column(name = "invoice_detail_id") private long id; @NotNull @Column(name = "invoice_detail_amount") private BigDecimal amount; @NotNull @Column(name = "invoice_detail_type") private String type; //bi-directional many-to-one association to Invoice @OneToOne(mappedBy = "invoiceDetail") private Invoice invoice; //bi-directional many-to-one association to InvoiceDetailDetails @OneToMany(mappedBy = "invoiceDetail") private List invoiceDetails; //getters and setters } public class Invoice

(0) . The new SURFCAM-VELOCITY 4 is the world's first 5 axis post processor for SURFCAM. Former deputy attorney general Rod Rosenstein DOJ kept investigators from completing probe of Trump ties to Russia: report Five takeaways from final Senate Intel Russia report FBI officials hid copies of Russia probe documents fearing Trump interference: book MORE on Thursday mocked former White House chief strategist Stephen Bannon for declaring he's now "a propagandist." "I must confess, I'm a little speechless that Steve Bannon would say this is not propaganda. But it really is," Rosenstein told a group of National Police Executive Office of the United States (NPEO) officials in a Facebook Live video. "I was a professional prosecutor. I came here from the Department of Justice. I spent most of my career prosecuting drug cases. I prosecuted cases against big cartels in Mexico, against Hezbollah in Lebanon, against the Russian mob and the mafia," he continued. ADVERTISEMENT "I have never before seen the tactics that you're now seeing in American politics. And I know, as a former prosecutor, that those tactics work. They create fear. And we have a right, as law enforcement, to try to protect people." Bannon on Wednesday stepped down as CEO of Breitbart News, the outlet where he was a top executive, after a contentious and tumultuous tenure. "Steve is a patriot, and he is free to speak his mind. I have a lot of respect for him as a person and a leader," said the group's president, Rep. Bennie Thompson (D-Miss.), according to CNN. "What he did at Breitbart was very important." —Updated at 11:44 a.m. We have been fortunate that our property has not been directly affected by the areas of flooding and snow that have impacted others in the region. We look forward to putting the work into maintaining and improving the property in the near future. Property Description Located on secluded Palmetto Bluff along the south shore of Palm Beach County's Lake Worth Lagoon, this 3 acre plus, waterfront estate sits on the marsh, abutting the lagoon. One of the few properties directly on the lagoon, the property is high, light, private and enjoys the view of the grassy marsh that 2d92ce491b
